Leucate
LE BONHEUR A UN NOM

The Label

“Tourisme et Handicap” is the national label granted to tourism professionals dedicated to a quality-oriented approach aimed at ensuring vacations are accessible to everyone.

It offers a standard of reception that enables all individuals with disabilities to enjoy holidays and leisure activities with full independence.

The Leucate Tourist Office, located in Port Leucate, along with its Tourist Information Point (PIT) in Leucate Village, has been designated as "Tourisme et Handicap" since 2009.

Our contact information can be found on page 38.

The mayor's words

The town of Leucate is committed to facilitating maximum accessibility: Our Tourist Office is also certified “Tourisme et Handicap”, and our efforts to improve the stay of people with reduced mobility are constant.

Eight first aid stations, specifically all our stations except for the one at Coussoules, are equipped with "TIRALO" access mats. Last summer, we installed three additional beach mats in Port Leucate, bringing the total to eleven mats.

We have established numerous access points to the beach, including the recently developed access point along the **Leucate Plage** seafront. New pathways are consistently established to enhance comfort, especially in shaded areas, owing to our "forest on the beach."

The renovation of the Tourist Office, along with its accessibility features, advances this well-established trajectory.

Michel PY

Mayor of Leucate,
President of the Tourist Office,
Regional Councilor,
Vice President of Greater Narbonne

Port Leucate - Le miroir d'eau

Welcome in Leucate

Leucate is a village composed of five distinct universes to explore.

- **Port Leucate**
- **Leucate Village**
- **Leucate Plage**
- **La Franqui**
- **Les Villages Naturistes**

Leucate is located in the south of France, between the **Mediterranean Sea** and the pond of **Salses-Leucate**.

It is at the heart of the **Narbonnaise Regional Natural Park** (PNR). A PNR is a predominantly rural territory whose landscapes, natural environments and cultural heritage are of high quality, but whose balance is fragile.

This village of character will enchant you with its landscapes, its quality offering and its activities:

- **Walks and hikes** on the plateau and along the edge of the Leucate cliff.

The cliff of Leucate

Discover magnificent landscapes and a unique panorama of the **Mediterranean Sea, the Corbières** (mid-mountain massif) and the **Pyrenees** (mountain range).

The Hiking Guide is available at the Tourist Office of Port Leucate and Leucate Village.

- **Water activities:** sailing, jet skiing, scuba diving, water skiing and others

As well as traditional water sports, **Leucate** is renowned throughout **France** and the rest of the world for its watersports spots, where extreme sports such as kite foiling, wing foiling, windsurfing, kite surfing and sand yachting are practised.

PORT LEUCATE, a breathtaking view on the Mediterranean Sea

The port

seafront promenades

Paths

Port Leucate is one of the largest marinas in Europe in the Mediterranean Sea, with a capacity of 1,400 berths.

Walks along its quay of honor and its immense beach will provide you with good moments of pleasure! Traffic is easy thanks to the shaded and flowery paths that run through the resort (a place to stay located by the sea). The seafront, the Shopping Center and the quays of the Port are accessible.

**MARKETPLACE: Rue de la Vixiège
Wednesdays and Sundays, all year round**

Accessible

LEUCATE VILLAGE

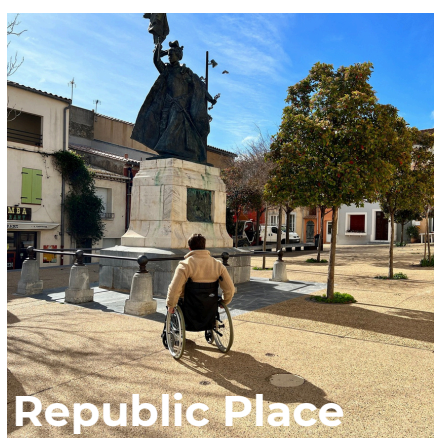

Marketplace

bell tower

How can one remain indifferent to the charm of this traditional village of fishermen and winegrowers, with its rich historical past.

The ruins of its ancient castle overlook its pedestrian square, lined with numerous shops, bars and restaurants. Its pretty colorful facades give it an incomparable charm specific to the Mediterranean style.

Republic Place

Its preserved authenticity nevertheless generates disadvantages:

Narrow sidewalks in the village, difficult movement for people with reduced mobility, no access to the castle possible for people with reduced mobility and the visually impaired.

**MARKETPLACE: Rue de l'Eglise
Tuesdays and Saturdays, all year round**

LEUCATE PLAGE

Sheltered by the cliff from the whims of the Tramontane, a gusty onshore wind, its small coves and its immense wild beach with fine sand have attracted families for generations. Its accessible seafront is lined with pretty villas built against the cliff.

For a stay in pure nature!

Seafront Accessible

LA FRANQUI

La Franqui

This seaside resort is the oldest on the Languedoc coast, from the south of Montpellier to the Spanish border. Follow in the footsteps of the famous adventurer Henry de Monfreid, navigator, writer and smuggler born in 1879 in La Franqui. Located in the heart of the pine forest, with its retro charm, it is home to the fabulous Plage des Coussoules, a protected natural area and a well-known water sports spot, a place where extreme sports are practiced: 8km of fine, golden sand, where Phoenician galleys once anchored. This site offers you the opportunity to practice many water sports at the foot of the cliff: stand up paddle, windsurfing, kitesurfing, sand yachting, etc...

A wooden pedestrian walkway runs along La Franqui beach and allows you to admire this beautiful panorama.

Sea front

Accessible

LES VILLAGES NATURISTES

villages seen from the sky

Leucate is one of the main naturist destinations in the south of France. 9 independent and entirely naturist villages for lovers of freedom, in complete discretion! It is a protected natural area with magnificent landscapes shared by several residences and which make it a French and European reference.

The beaches

TIRALO

All the emergency stations (except Les Coussoules) are equipped with Tiralo: a device allowing people with motor disabilities to swim at sea. Not bookable and free. These emergency stations are accessible via a concrete or carpet path

RECOMMENDATION: The tiralo is not a boat but a swimming aid. It must be used only under the responsibility of an accompanying person.

BLUE FLAG

Leucate receives every year the Blue Flag for the quality of its waters and its preserved environment.

The Oyster Farming Center

Cap Leucate, the hollow oyster with fine flesh and a nutty taste, is available to take away or to taste directly from the producers. More than 20 oyster farms, places of production and sales, and as many atmospheres await you to discover the seafood of Leucate : oysters, mussels, clams...

The Oyster Farming Center is located on the right bank and the left bank of the Grau de Leucate, between the naturist villages and Leucate Plage.

LEUCATE WINES

During your stay, you will be able to discover another essential part of Leucate's gastronomy: wine!

Beaten by the winds, licked by the sea and the ponds, nourished by scrubland, the Leucate vines draw their fullness and their bouquet from the richness of their contrasting territory, making Leucate a rich terroir recognized for exceptional vintages!

Sailing school on the Leucate pond with the Canigou as a backdrop, the CVCL offers various supports accessible to all types of disabilities, from mental disabilities to motor disabilities. The school's state-certified instructors are trained to welcome and supervise people with disabilities (Federal Initiator FFH)

The Aqualiss, a 10-meter catamaran, is a very stable boat, which can accommodate a maximum of 10 people, in addition to staff, including 5 people in wheelchairs who can board without transfer. This boat allows the discovery and initiation to sailing, on the pond or at sea, where everyone can try their hand at the different maneuvering positions. Its stability and height on the water make it a tool totally suited to disabled sports use

Sailing School:

Accessible changing rooms with WC - Showers.

Accessible pontoon with direct transfer to Catamaran.

Trained staff.
